

WORK AS A NURSE IN THE UNITED STATES

A major nursing shortage in US hospitals means big opportunities for skilled, trained Registered Nurses. With as many as 400,000 current vacancies (and growing), now is the time to consider applying for one of these well-paying jobs.

The **US Nursing Career Opportunities Program** is the only program that fully trains you to seek these exciting opportunities. We help you prepare to pass the required examinations and develop competencies to work as a registered nurse, and even facilitate job placement at a hospital employer willing to sponsor your work visa. You could be ready to start work in the US in less than a year.

WHAT WE DO

General English Skills Development

We help you further improve your abilities in reading, listening, speaking, writing, vocabulary and grammar. Practicing these skills are essential for success in the TOEFL® Exam Preparation Course and Exam.

English Language Competency Exam Preparation

Passing a the TOEFL® English-language competency exam, or an equivalent, is a requirement to work as a nurse in the US.

NCLEX-RN® Exam Preparation

A professional license is a requirement to work as a nurse in the US. Testing facilities are available in Mexico or along the border.

Nursing Skills Enhancement

Our US-based nursing faculty will meet with you and coach you on meeting the needs of US hospitals.

Employment Placement

Through our network, we'll match qualified applicants with open jobs willing to sponsor a visa.

Relocation Assistance

We provide support and guidance through the process of moving to the US.

US NURSING CAREER OPPORTUNITIES

EARNINGS POTENTIAL

Increase your income. US nurses earn an average of \$60,000 entry-level salary.

CONVENIENT ONLINE COURSES

Our flexible online training works around your busy schedule to prepare for nursing license and English exams.

TRANSITION ASSISTANCE

Through our US training facility, we will ensure you're ready to start your first job successfully.

LICENSING ASSISTANCE

We will guide you through the licensing process to help you obtain your US Nursing license.

FLEXIBLE FINANCING

Pay up-front, through future payroll deductions, or through local financing options.
